

# DURAK

## REFLECTIVE SEWING AND EMBROIDERY THREAD

## Reflective®

DURAK Reflective® is a sewing and embroidery thread with high reflectivity even in low light. It is an ideal thread for manufacturers who want to show the decorative reflective properties of their products. It is mainly designed for fashion applications but appeals to many different industries. In addition to its ideal abrasion resistance and high tenacity properties, Reflective® is quite impressive with its reflective feature that increases visibility even in the most difficult weather conditions. It seems like silver in daylight. When it shines light on it in the dark, it reflects white.

## Product Properties

- High level of reflectivity.
- Its color is silver in daylight. When it shines light on it in the dark, it reflects white.
- Smooth sewing/embroidery appearance thanks to special finishing processes.
